ABOUT

Eager to jumpstart my career in software engineering, I bring a solid foundation in full-stack technologies like **ReactJS, NodeJS, TypeScript, JavaScript, MongoDB, ExpressJS**, among others. Always on the lookout for the latest in tech, I'm self-motivated to learn and apply new advancements. Balancing a formal education with a hands-on approach, I'm ready to tackle complex challenges and working with great people.

SKILLS

React.js	REDUX	JavaScript	Problem-Solving Skills	Git	Bootstrap
Node.js	React Hooks	Firebase	Continuous Learning	MongoDB	Tailwind
Express.js	TypeScript	APIs	Good communication	Material-UI	Responsive Design

PROJECTS

[Card and User managment](#) [frontend repository](#) [backend repository](#)

Front and Backend developer

- Crafted interactive UIs with React.js and Redux, enhancing user engagement, coupled with robust server-side operations using NodeJS and ExpressJS, integrating JWT and Bcrypt for security.
- Leveraged TypeScript for structured coding and Joi for data validation, ensuring robust and secure back-end functionality.
- Configured and maintained the server environment using Ubuntu, with Nginx for efficient web serving and PM2 for optimal process management and application reliability.

Front and Backend developer

- Crafted interactive UIs with React.js and Redux and Firebase, enhancing user engagement, coupled with robust server-side operations using NodeJS and ExpressJS, integrating JWT and Bcrypt for security.
- Leveraged TypeScript for structured coding and Zod for data validation, ensuring robust and secure back-end functionality.
- Configured and maintained the server environment using Ubuntu, with Nginx for efficient web serving and PM2 for optimal process management and application reliability.

[Whatsapp and Instagram clone](#) [Project repository](#)

Front and Backend developer

- Designed and implemented the front-end using React.js and Redux for dynamic user interfaces, with Firebase for data storage and management, and integrated Google API for enhanced functionality and services.
- Realtime Chat

EDUCATION & CERTIFICATIONS

2023-2023

Full Stack Web Development HackerU

- Graduating from Full Stack Web Development studies at HackerU, my academic journey focused on mastering a wide array of technologies and tools essential for modern web development.
